Projects

- **ATM Machine Simulation** using Java

➤ In this Project, customer can check his/her bank balance, withdraw balance, deposit balance and view mini statement.

- **Snake Game** using HTML, CSS and JavaScript

➤ This is a fun game. In this game you will find a snake running to eat food and after eating its height increases gradually. But if it touches the edge of the box or hits it's own body then it will die and the game will end.

- **Gender Recognition** using HTML, CSS, JavaScript

➤ In this project, anyone can check the gender by giving random name.
